This durable, long lasting dynamic rope is UIAA and CE certified to withstand the punishment of indoor climbing walls. Manufactured with a thicker sheath than traditional dynamic ropes of similar diameter. It exhibits minimal sheath slippage and features a low impact force for leading or top-roping in gyms.

**Available in:**

100M and 200M Lengths in Blue or Green.

**Diameter:** 10.6mm**Grams Per Meter:** 77**Impact Force:** 8.3 kN**UIAA Falls Held:** 11**Static Elongation:** 9.0%**Dynamic Elongation:** 34.2%**Sheath Slippage:** -5 mm**Sheath Mass:** 41%
